Monthly payments shown are inclusive of VAT. For Boiler Care plan, additional work beyond the schedule of maintenance carried out at the time of the routine service visit will be charged extra at our current breakdown labour rate. The prices charged for all parts and labour not covered in the plan will be according to the price list effective at the time the work is carried out.

*Boilers rated from 0 to 70 KW, boilers over 20 years old or boilers used for commercial purposes are not eligible for cover on Boiler Care Complete plan. For any boilers rated 70 KW or above and Commercial or Industrial Boilers, POA.

Renewal of service plans: Contracts are automatically renewed annually at rates currently in force. Termination is subject to one month's notice by either party. Renewal is payable in advance or by monthly direct debit (to include oil supply). Contracts cancelled within 12 months incur a £25 penalty fee.

****Monthly payment scheme:** Pay for your boiler servicing monthly when purchasing your heating oil through Watson Fuels. You can spread the payments evenly throughout the year, at no extra charge, by paying a fixed amount each month. We can include your service plan within the scheme and also pay you interest when your account is in credit.
